

A white line-art map of a coastal area, likely Seaport City, is set against a dark grey background. The map shows a long, narrow peninsula with a complex coastline and several smaller islands. A cluster of green dots of varying sizes is located in the lower-left portion of the map, representing a specific area of interest. The text 'Seaport City Feasibility Study' is overlaid on the map in a large, bold, light green font.

Seaport City Feasibility Study

The background of the cover is a light green color. It features a white line-art map of a coastal area, likely Seaport City, showing various land parcels and water bodies. Overlaid on the lower-left portion of the map is a large, circular graphic composed of many concentric rings of small, dark blue dashes, creating a ripple effect.

Task 2
Draft Report

November 2013

The background of the cover is a teal color. It features a white line-art map of a coastal area, likely Seaport City, showing a winding waterway and various land parcels. Overlaid on the lower-left portion of the map is a large, circular graphic composed of many concentric rings of small, dark teal dashes, creating a ripple effect.

November 2013

The background of the cover is a light gray map of Seaport City. The map shows the coastline and several major roads. At the bottom of the map, there are three parallel, colored lines in shades of green, teal, and blue, representing a proposed route or development. The title text is overlaid on the map, following its contour.
